SEVENTEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, MARCH 29, 1906.

No. 13

## FORCED OLD AGE RETIREMENT PLAN.

Applied to Aged Senators, They  
Wouldn't Be Worth  
a Darn.

### SENATOR SPOONER UPHOLDS COURTS IN RATE DISCUSSION.

Admiral Dewey Wants Two Greater Bat-  
tleships Added to Navy.

Washington, Mar. 26, (Special).—Considerable amusement not un-  
mixed with real interest has been  
aroused by the work of a law-  
yer, the theoretician in connection with  
the proposed forced old age retire-  
ment and salary limitation of all  
government clerks. This plan, in  
brief, as formulated by the  
House Appropriations Commit-  
tee, would limit the salary of all  
clerks over 65 to \$1,400 a year;  
over 68 years to \$1,200; and over  
70 years to \$840; and it has pro-  
voked protest from every side,  
particularly from the clerks them-  
selves, who argue that to limit a  
man purely on account of his age,  
without taking into consideration  
his personal ability, is both un-  
fair and indefensible. The theo-  
retician in question has taken  
the opportunity to press this  
point by showing how this plan  
would work if applied to the  
members of Congress. The re-  
sults are interesting. For in-  
stance, Senators Perkins, Berry,  
Patterson, Bacon, Gorman, Bar-  
rows, Clark, Gallinger, Aldrich,  
Elkins and Scott would be re-  
duced from \$5,000 to \$1,400 an-  
nually. Senators Blackburn, Mc-  
Creary, Hony and Foster would  
get only \$1,300. Senators Teller,  
Morgan, Bettus, Cullon,  
Allison, Hale, Frye, Platt, De-  
wey and Proctor—all huffing  
young men who own up to being  
more than 70 years young—would  
be reduced from \$5,000 to \$1,400  
annually. Senator Spooner, of  
Iowa, in the \$40 dollar class, has  
at the age of 75 bought in the  
rate bill that is making things  
hum at present. Dozens of Rep-  
resentatives are over the age  
limit, as are half the members of  
the Supreme Court. In short,  
it is shown that an application of  
this plan to congress would bar  
out a great number of its ablest  
members, and that it would be  
as just to ostracize the members  
of the legislative branch as the  
humbler, though still important,  
clerks of the Departments. The  
feeling which a proposal to retire  
him on account of age would  
stir up in "Uncle Joe" Spooner,  
for instance, is so well known  
as to add considerable humor to  
the situation.

Easily the event of this week  
in regard to rate legislation was  
the long awaited speech of Sen-  
ator Spooner. The Wisconsin  
Senator is regarded by many as  
the leading constitutional law-  
yer in the Senate, so that his  
words always carry great weight.  
His speech consisted almost en-  
tirely of a refutation of the  
arguments of Senator Bailey,  
who advocates the stripping of  
the courts of their power by  
preventing them from suspending  
a rate made by the Commission  
while such rates are being re-  
viewed. Of course, strong practical  
objections to such an extreme  
step have already been made, its  
opponents pointing out that to  
temporarily enforce a raising  
which might afterwards be set  
aside would work great injury,  
and that it is far better to make  
sure, before finally putting an  
order of the Commission into  
effect, that the rate is not un-  
fair. It is proposed to make the rail-  
roads give bond for the amount  
involved in the decision pending  
its adjustment so that the ship-  
per, if upheld, may recover, and  
to further perfect the plan in  
its workings, it is also proposed  
to provide, by special clause, for  
expedition in the hearing of all  
railroad cases appealed from the  
decision of the commission. In  
contrast to this practical side of  
the question, Senator Spooner  
stated that Senator Bailey's propo-

sitional standpoint. He held that  
the courts must have full power  
of review and full power to sus-  
pend by a temporary injunction  
a ruling of the Commission while  
reviewing it. He denies that  
because Congress created the  
circuit courts, it has a right to  
destroy them, by depriving them  
of the right to issue temporary  
restraining injunctions. "That,"  
said he, "would be anarchy, for  
it would result in the destruction  
of our institutions. If Congress  
has control over the manner in  
which the judicial power shall be  
exercised, what becomes of the  
courts?" So important from  
every standpoint does Senator  
Spooner consider the continuance  
of the free exercise of the power  
of the courts, that he asserts that  
the adoption of a plan like Sen-  
ator Bailey's, to prevent the  
courts from using the power of  
injunction to suspend a rate,  
would have a tendency to drag  
down the whole structure of the  
law. It is now generally admit-  
ted that the Wisconsin state-  
ment's speech has effectively  
silenced that never too popular  
plan of Senator Bailey's.

Postmaster General Cortelyou  
receives daily any number of odd  
requests, but he is in receipt of a  
petition from a low-loan clerk  
that is original. The clerk,  
Jesse S. Matland, is employed  
in the Chicago postoffice, and he  
is engaged to Miss Maude Powell  
who lives in Cleveland. Miss  
Powell cannot leave Cleveland  
because she is the only companion  
of an invalid mother, and  
Matland cannot afford to give  
up his position. Therefore, Mr.  
Cortelyou is asked to provide for  
Matland's transfer to the Cleve-  
land postoffice and thus further  
the cause of matrimony. The  
request will probably be granted.

Admiral Dewey would add to  
the United States' navy two  
great battleships, the type of  
the English vessel, Dreadnaught,  
with a displacement of 18,000  
tons and mounting ten 12-inch  
guns. His recommendation was  
made this week before the House  
Committee on Naval Affairs, and  
he added that such ships were  
not needed, but that more ships  
of the monitor class should be  
built. The necessity for enlarging  
the submarine fleet also was  
pointed out by the Admiral.  
According to the report of the  
United States Geological Survey  
the output of anthracite coal in  
Pennsylvania last year was the  
greatest ever known. During  
the year there were mined 69,  
399,162 long tons, which were  
valued at \$11,569,000 dollars.  
Of this coal, 61,654,482 long tons  
were shipped to market; 1,302,  
644 tons were sold at the mines;  
and 6,282,076 tons were used for  
steam and heat. The production  
in 1904 was 65,316,490 tons, a  
gain for 1905 of more than 4,  
000,000 tons.

### FRANKFORT WANTS STATE ENCAMPMENT

Annual Encampment in 1907 Will Prob-  
ably be Held at the Jamestown  
Exposition.

Frankfort, Ky., March 21.—A  
delegation of the Frankfort Busi-  
ness Men's Club called on Adj.  
Gen. Percy Haly today and urged  
that the annual encampment of  
the State Guard be held here this  
year. Propositions have also been  
received from Danville, Hend-  
erson and Crab Orchard. It will  
be several weeks before the camp  
is located, probably not until af-  
ter the national Government in-  
spection of the troops, which is  
to take place in April.—Courier-Journal.

It is the opinion of local officers  
that the encampment will be  
held at some point in the eastern  
or central part of the state. This  
is highly probable, in as much as  
the Guard went into camp last  
year in Western Kentucky.

It was also learned from a local  
officer that there is strong talk  
among the higher officers of the  
Guard of holding the 1907 en-  
campment at the Jamestown Ex-  
position. If this program is  
carried out, it will indeed be a treat  
for the "boys," for it is expected  
that this Exposition will inaugu-  
rate the greatest military and

### REV. JNO. S. CHEEK GIVEN BIG FUNERAL AT PADUCAH.

Paducah, Ky., March 24.—The  
Rev. John S. Cheek was buried  
here today instead of at Mad-  
isonville. The First Baptist  
church, of which he was pastor,  
was jammed, and hundreds were  
left out. It took two wagons  
to carry the flowers. There  
were people here from several  
surrounding cities. During the  
principle sermon by the Rev. Mr.  
Gates, of Louisville, there was  
not a dry eye in the church.

Declared insane.  
Mrs. D. E. Baker who formerly  
lived here but has for some  
time living in St. Charles was  
declared to be of unsound mind  
by a Madisonville jury Monday  
and was sent to the Hopkinsville  
asylum. Sheriff Jennings went  
with her to Hopkinsville on 51  
Monday afternoon.

Mrs. Baker is the mother of  
fifteen children ten of whom are  
still living. Some time ago Mrs.  
Baker went to Judge Wilson and  
asked him to send her to the  
poor house telling pitiful stories  
about being driven from home by  
her children. Judge Wilson  
found on conversing with her  
that her mind was affected and  
persuaded her to return home.  
Monday she was brought to Mad-  
isonville by relatives who claim-  
ed that she had shown marked  
signs of insanity. A jury was  
selected and she was declared  
insane.

This is the fifth time she has  
been to Hopkinsville asylum and  
heretofore she has remained only  
a short time until she was de-  
clared cured and sent home.

### \$60,000 Fire at Nortonville Coal Six Lives.

The power-house and hoisting  
plant of the Nortonville Coal  
Company burned Friday morning  
March 23 at 3 o'clock, entailing  
a loss of \$60,000 with no insurance.  
As a result, two mines are prac-  
tically closed, and 200 men out  
of work.

The fire started from a torch  
carried by a fireman. While  
drawing off the fluid suddenly  
ignited. The fireman called the  
engineer to his assistance, and  
they succeeded, as they thought,  
in extinguishing the flames, but  
a few minutes later the oilroom  
was burning so fiercely it could  
not be approached. The flames  
made such a headway that noth-  
ing could be done aside from sav-  
ing the tipple.

Six men were in the shaft, but  
they were rescued at 5:30 o'clock  
by means of ropes.

The plant furnished power for  
two mines, and while it will be  
replaced as rapidly as possible, it  
will require thirty days to put it  
in working order.

This is not only a serious loss  
to the Nortonville Coal Company  
but to the town at large, as nine  
tenths of the population depend  
directly or indirectly on the mines  
for support.

## OUR COMMON SCHOOLS.

Nobody at all informed on the subject believes that the Com-  
mon School System of Kentucky is what it ought to be. A look at  
the miserable little cabins that serve as school houses in many, if  
not most of the school districts in the state, and a peep inside at  
the more miserable children during school hours, on a winter day,  
would convince anyone that Kentucky is behind the times in the  
matter of Common Schools, but yet there are Southern States behind  
Kentucky. That Southern man would be singularly wanting in  
patriotism and affection for his people who did not desire to have  
this condition improved. How best to bring about such result can  
only be ascertained through interchange of ideas and opinions  
among persons conversant with the situation and capable of help-  
ing in the cause. This was suggested at a Conference of the leading  
educators in the Southern States, for the purpose of evolving some  
plan to extend the educational system so far as to benefit all the  
people.

High Schools and Colleges and denominational institutions had  
done a great work, but they did not "reach the spot." What  
the people need is the free school and that as high a standard as is  
possible to make it, supported by general taxation. There is the  
rub; that question of taxation. The difficult thing is to induce the  
people to tax themselves for schools to the extent of having a ten  
month school year and teachers paid adequate salaries. In Ken-  
tucky, in the country districts, the rule is a six month school, poor  
pay for the teachers—poor teachers—poor scholars—poor schools—  
poor people. Any agency by which such a state of things could be  
remedied should receive a welcome from all good people. Such  
an agency is "The Conference for Education in the South" which  
meets annually to consider Southern School conditions and devise  
methods to improve them. Its meetings are attended by eminent  
citizens not only from the South but from the North and West, also  
who are interested of the south and her people. The next meeting  
of the conference will be in Lexington on May 2, 3 and 4, and all  
who desire to see better schools throughout the State are invited to

### W. R. COLL ROBBED.

Thieves Secure Goods to the Amount of  
Fifty Dollars.

Thieves broke into the dry  
goods store of W. R. Coll of this  
place Sunday night and secured  
about fifty dollars worth of goods  
consisting of Underwear, shoes  
neckties shirts hose and various  
other articles of wearing apparel.  
Entrance was gained by break-  
ing one of the front windows  
and from the size of the hole the  
thief went through it is supposed  
to have been a boy or very small  
man. The robbery is thought to  
have occurred about one thirty  
o'clock as people near the store  
heard some noise about this  
time. City Marshall Barnett  
went to work on the case early  
Monday morning and is confident  
he has a clew that will lead to  
the arrest of the guilty  
parties, although no arrests have  
been made yet. It is thought  
that the work was done by some  
one living here and Mr. Barnett  
thinks he knows who it is.

### SALOON MEN AS REFORMERS.

Hopkinsville Liquor Dealers Pledge to  
Keep on Lid on Sundays.

Hopkinsville, Ky., March 24.—  
The saloon keepers of this city  
have all voluntarily signed an  
agreement, pledging themselves  
to neither sell or give away any  
liquor on Sundays. The lid is  
well on, as they also promise that  
if any of them know of a viola-  
tion of this agreement they will  
report same to the police.

### Taylor-Hawkins.

The friends of Miss Jennie  
Hawkins were surprised to hear  
of her marriage Wednesday April  
21st in Howell, Ind., to Mr. Den-  
nis Taylor of that city. The  
bride is the pretty daughter of  
Mr. P. E. Hawkins of this place.  
The groom is an employ of the L.  
& N. R. R.

### REV. JNO. S. CHEEK DEAD.

Suffered a Noble Life for His Work.

Rev. Jno. S. Cheek passed  
away in Waco, Texas, last Thurs-  
day from pneumonia and a gen-  
eral nervous breakdown caused  
by overwork in a meeting which  
he had been conducting in Paducah  
for the past four months. He  
was in Waco hoping to build  
up his shattered nerves and re-  
gain his health. His wife was  
with him and accompanied his  
remains to Paducah where they  
were laid to rest. He is sur-  
vived by his wife and five chil-  
dren.

Mr. Cheek was several years  
pastor of the Baptist church  
at this place and had been friends  
of every one whom he met. He  
was a minister of unusual success  
and his rise was rapid.

One of the most useful men in  
his denomination has passed away.  
Only one couple in 11,000 live to  
celebrate their diamond wedding.

### EARLINGTON BOY'S PROMOTION.

Frank D. Rash Advanced From  
Commissary to Adjutant of 3rd Reg-  
iment, K. S. G.

An official order has been re-  
ceived by Frank D. Rash, Com-  
missary Captain 3rd Regiment,  
K. S. G., notifying him of his  
appointment to the rank of ad-  
jutant of the regiment succeeding  
Arthur G. Chapman, who has  
been removed from this district.  
Adjutant Rash was one of the  
most enthusiastic and earnest  
workers in perfecting the or-  
ganization of Co. "G" and as a  
reward was unanimously chosen  
1st Lieutenant on the night Co.  
"G" was admitted into the Ken-  
tucky State Guard. He held this  
position only a few months after  
being mustered into service. His  
promotion to commissary cap-  
tain of the regiment following  
the resignation of Paul P. Price  
whose relinquishment of this  
rank was done in order to ac-  
cept the captaincy of the local  
military company.

Mr. Rash is the youngest of-  
ficer on Col. Jouett Henry's  
staff and is one of the most pop-  
ular officers in the regiment.

This promotion of Capt. Rash,  
unexpected as it was to many,  
is no surprise to those in the  
inner circles of the State Guard  
and the consensus of opinion  
among military men is that a more  
satisfactory selection could not  
have been made for the vacancy.

Arthur G. Chapman has been  
appointed commissary captain  
of the 3rd Regiment filling the  
vacancy caused by the promotion  
of Capt. Rash.

### A DOUBLE TEXAS TRAGEDY

Father Kneeling Over Murdered Son  
Is Killed by His Son's  
Slayer.

Fort Worth, Tex., March 26.—At Jeffer-  
son, Tex., Eugene Bennett alighted  
from the Katy passenger train, and  
was fired upon by Jeff Sanders and  
fell mortally wounded. J. R. Bennett, 65,  
by saying he believed the train to meet his son,  
rushed to the scene, and kneeling,  
placed his hand on the fallen man's  
bosom. As he did so, Sanders opened  
fire, the bullet striking him four  
times, and he fell dead across the body  
of his son. Sanders was arrested, but  
refused to make any statement, mere-  
ly saying he believed the train to meet  
his son. The elder Bennett was pre-  
paring to get his son's pistol when  
he shot him. He is a prominent  
business man about 20 years of  
age. The young Bennett was about 25.  
J. R. Bennett was well known all over  
central Texas, and was at one time  
proprietor of the Waco Evening News.

### ROOSEVELT TO LABOR MEN

Discusses on Right of Injunction,  
and Defends Panama Canal  
Policy.

Washington, March 23.—President  
Roosevelt received a large body of  
representatives of organized labor, headed  
by American Federation of Labor of-  
ficials, at the White House, and talked  
to them on the right of injunction against  
the enactment of labor measures now  
pending before congress. The text of  
his remarks follows:  
"The right of injunction, it is  
absolutely necessary to have this power  
lodged in the courts, though, of  
course, any abuse of the power is  
strongly to be reprobated. During the  
four and a half years that I have been  
president, I do not remember an in-  
stance where the government has in-  
voked the right of injunction against  
a combination of laborers. We have  
invoked it certainly a score of times  
against combinations of capital. But  
against combinations of labor, I have  
thought it necessary; if I thought a  
combination of laborers were doing  
wrong, I would apply for an injunc-  
tion against them just as quick as  
against so many capitalists.  
"Explains Panama Affairs.  
"An eight-hour law for the Panama  
canal is an absurdity. Every one of  
you knows that we can not get white  
labor, can not get labor of the United  
States to go down to Panama and work  
there to get any kind of labor at all.  
The conditions that make the eight-  
hour law proper here have no possi-  
bility of reference to the conditions that  
make the eight-hour law entirely prop-  
er there. The conditions are so utterly  
different on the isthmus as compared  
to here that it is impossible to draw  
conclusions affecting the one from  
what is true of the other."

### Cheap Prices and No Taxes.

Topeka, Kas., March 24.—Persons  
are being created throughout Kan-  
sas asking for a special session of the  
legislature to be convened to pass a  
cent fire and anti-pass bills.

No more than elephants are al-  
lowed to stand on the shoulders of  
other animals.

## STATE BOARD OF CONTROL

Will Take Over State Institution's  
Management  
April 1.

### ADJUAANT GENERAL APPOINT- MENT WILL SOON BE ANNOUNCED

Frankfort, Ky., March 27.—  
(Special.) The State Board of  
Control will meet here the first  
of April for the purpose of or-  
ganizing and taking over the  
management of the charitable  
institutions placed under its  
care by the act creating such  
board. It is expected that the  
Governor will shortly thereafter  
appoint an Adjutant General to  
succeed Gen. Haley, who is at  
the head of the new board. It  
has been greatly believed that  
Henry R. Lawrence will receive  
the appointment to succeed Gen.  
Haley. But there has lately  
been a strong rumor, however,  
in military circle particularly,  
in favor of the appointment of  
a military man in the person of  
Col. Noel Gaines. Many of the  
military men of the State think  
that the office should go to a man  
with extensive military experi-  
ence and that such a promotion  
would have wide spread and last-  
ing good effect upon the rank  
and the file of the State Guard.

### BRIGHT SOUTHWORTH PROMOTED.

Earlington Man Succeeds E. W. Ray.  
Formerly of Hopkinsville, as Ser-  
geant-Major of 3rd Regiment,  
K. S. G.

An Earlington boy is the re-  
cipient of a promotion in the  
3rd Regiment, K. S. G., this be-  
ing Brick Southworth, who ad-  
vancement has been officially  
announced.

His appointment to the rank  
of sergeant-major of the reg-  
iment made to fill the vacancy  
caused by the resignation of E.  
W. Ray, formerly of Hopkins-  
ville, who has removed from the  
state. The place was filled tem-  
porarily at last year's encamp-  
ment at Paducah by Battalion  
Sergeant-Major Brick South-  
worth, whose promotion has just  
occurred. It is not known who  
will succeed him in the battalion.

### ARM BROKEN.

Mrs. Margaret Bourland Suffers Painful  
Accident.

Last Thursday morning while  
the earth was mantled with  
snow and ice, Mrs. Margaret  
Bourland in going up her front  
door steps, slipped and fell on  
the porch breaking two bones in  
her elbow. Mrs. Bourland has  
suffered greatly from this pain-  
ful accident but her many  
friends will be glad to know that  
she is now resting more com-  
fortably.

### SUICIDE OR HEART FAILURE.

Leon Cooper, Prominent Louisville Man's  
Sudden Death.

Leon H. Cooper, aged 36, for-  
merly assistant manager of the  
Galt House, Louisville, Ky., was  
found dead in his office in the  
Tyler building Tuesday morning,  
by his partner in business, who  
is also his brother-in-law. The  
Coroner's verdict said death oc-  
curred from taking carbolic acid.  
Other theories are advanced and  
Hewitt, his partner, believes the  
dead of heart failure. Mr. Cooper  
visited the family of Mr. Jno. B.  
Atkinson here, some years ago  
when quite a young man. Mr.  
Cooper had been in ill health for  
some time and was in a de-  
pendent mood the evening before  
his dead body was discovered.

### Special Sunday School Campaign.

The school of the Christian  
church is engaged in a campaign  
to increase its attendance. Next  
Sunday will be "Parents and  
Sisters Day" at the Christian  
school at 9:30, the pastor will  
preach a special sermon on "The  
Sunday School, Its Needs and  
Opportunities." All parents  
whose children attend the school  
are invited to be present at the  
services.  
At the evening service, the  
text will be "Parents of House-  
hold."

# Baking Powder

## Absolutely Pure

### DISTINCTIVELY A CREAM OF TARTAR BAKING POWDER

It does not contain an atom of phosphoric acid (which is the product of bones digested in sulphuric acid) or of alum (which is one-third sulphuric acid) substances adopted for other baking powders because of their cheapness.

#### COLORED COLUMN

EDITED BY JAMES E. TODD.

Worthy Master of Ceremonies, Most Noble Grand, Worthy Vice Grand, Officers and Brothers of Earlington Lodge No. 1729, G. U. O. of O. F.:

We, your Committee on Con-

ference, with much sadness of heart,

beg leave to render in your hearing

the many honors relative to our de-

ceased Brother.

Whereas, It has pleased the great

Jehovah, the creator of all living

beings and the God of Heaven,

through His reigning power to take

from our ranks our beloved brother,

J. B. Hawkins, the P. S. of our

lodge, who departed this life at 9:30

o'clock p. m. on Thursday March

the 22nd, 1906. He was born in the

State of Tennessee in the year of

1850, and came here about the year

of 1875. After some time, he married

and took upon himself the responsibility

of a family. He then felt the need

of a Savior and professed a hope

in Christ and joined the Mt. Zion

Baptist church about the year of

1880, where he remained a true, burn-

ing and shining light in the cause of

Christ until death. He was initiated

into Earlington Lodge, No. 1729,

May 5th, 1894, and since that time

has never failed to comply with his

vows and obligations taken at the

altars of Friendship, Love and

Truth. He was never guilty at any

time of mudding the water or pol-

luting the stream that flows from the

altars of Friendship, Love and Truth;

but dear brothers, the consolation

that comes to our mind so cheering

is that he was warm of his death;

wrote his will and was ready to go.

He leaves a wife, one son, five

daughters, two grand children and

one brother, and a host of friends

both white and colored to mourn his

death. Be it Resolved, that the be-

lieved widow has lost a true and af-

fectionate husband, the children a

kind and loving father and the com-

munity an honest and upright citi-

zen, of whom have we heartiest

sympathy in their sad hours of be-

reavement. Dear Brotherhood let

us say to all concerned: Brother

Hawkins will not plan and advise

the road that leads to success in our

lodge room any more; the calm, soft

and commendable words that we

once heard in our circles we will

hear them no more. He will not seal

any more documents or financial

cards in 1729; but oh, how striking

and true is the words of the scrip-

tures: A man that is born of a

woman is of few days and full of

trouble; He comes forth as a flower

and is cut down; He fleeth also as a

shadow and continueth not; If a

man die shall he live again? Oh,

death where is thy sting? Or grave

where is thy victory?

Therefore—Be it further Resolved,

that we will shape and pattern our

lives after that of our deceased

Brother and be more zealous in car-

rying out the true principles of Odd-

Fellowship in attending the sick

and distressed, caring for the wid-

ows and orphans and burying the

dead, then when we shall have done

our whole duty toward God and man,

and the death warrant is issued for

us, then we will exclaim as our

brother, we are ready to go, then we

will meet in the grand lodge above

where we can give honors to the

Grand Master, above, and greet

Brother Hawkins with abundance of

love forever and ever amen.

Resolved, That a copy of these

resolutions be sent to the family, a

copy the Earlington Bee for publica-

tion and a copy kept in the lodge

room.

Respectfully yours in F. L. and T.

J. B. ROBINSON,

H. GASKETT,

Committee.

A. M. E. Zion church, Saturday

night, March 31, Tom Thumb con-

cert and Little Folks' Concert.

Part I.—Wedding and March.

Part II.—Reception, dialogues, solo

chorus, and drill by 8 little boys.

The public is cordially invited.

Mrs. E. M. Smith.

Mr. O. G. Hawkins and Sister

Bessie Herron was summoned home

from Danville, Ill., to see their sick

father, and Mr. and Mrs. Dock Hal-

ley and Mr. and Mrs. W. W. Wagon

came also to see their true and tried

friend but alas they were too late for

they had started their father and friend had died. He died Thurs- day night at 9:30 p. m. Mar. 22 1906 of pneumonia after but a few days illness. His remains were laid at the Mt. Zion Baptist Church Sun- day at 11 o'clock. By his request the P. and A. Masons of this city proceeded to bury him at the cemetery. Quite a number of masons were here from Danville, Ky., Madisonville, Ky., and Barrens to assist in paying the last tribute of respect to our beloved brother. J. B. Hawkins, a charter member of the G. U. O. of Odd-Fellows of this city and having lived a true and tried one for near 30 years and having fill- ed the position as District Grand Treasurer and District Grand Direc- tor for years and at last resigned as director and at the same time serving as permanent secretary of his lodge, the rights of the masons were waived and the Odd-Fellows took the lead of the procession and performed their services first at the church and grave. Anthony Hunch Lodge G. U. O. of O. F. having been summoned gave their hearty sup- port to Earlington Lodge No. 1729 in paying the last tribute of respect to their unequalled co-worker. It was then Ky. having joined the United Brothers of Friendship second and serving them in both local and grand lodge positions for years. They were placed 2nd in rank and in cer- monies; their state lodge at Mad- sonville Ky. and Mortons Gap were present and made a lasting impres- sion upon the public of their deep and sincere affection for their de- parted brother. For three years it has been the request of Bro. Haw- kins that Rev. Dr. Kennedy would preach his funeral, but under all efforts failed to locate him; his pastor who has so beautifully lead him for 12 months, officiated and all were satisfied. Rev. E. M. Smith pastor of the A. M. E. Zion church, by request of the family he being their pastor, assisted by reading a paper which was excellent. There were 210 Odd-Fellows, U. B. F. and Masons in the procession. Family and friends under a total of 200. It was the largest ever wit- nessed in this city.

#### CARD OF THANKS.

I hereby wish to express my thanks to my many friends near and far, white and colored, my sincere thanks for their kindness and assis- tance in helping me in the sickness and death of my husband.

AMANDA HAWKINS.

The citizens will hold a memorial meeting in the near future in honor of Bro. J. B. Hawkins.

## THEY REPORTED A DISAGREEMENT

SCALE QUESTION NOW BEFORE THE JOINT CONFERENCE.

BOTH SIDES STANDING PAT

Unless Some Understanding is Reached by Saturday a Quarter of a Million Bituminous Miners Will Strike.

Indianapolis, Ind., March 23.—The joint scale committee of the United Mine Workers and the bituminous coal operators of Illinois, Indiana, Ohio and western Pennsylvania, Tuesday, reported a disagreement to the joint conference of the central competitive district, and after a session of three hours the conference adjourned, to meet this morning at nine o'clock. The discussions and arguments presented during the afternoon by the representatives of the miners and operators showed no change whatever in the situation and indicate that the opposing sides are no nearer a wage agreement than they were in January, when the last conference was held. The present wage scale will expire Saturday, and unless an agreement is reached before its expiration, 225,000 miners in the four states will be called from the mines.

Mitchell Opened the Discussion.

President Mitchell of the miners opened the discussion in the joint conference after there had been a silence of ten minutes, during which each side was waiting for the other to make the first move. In a brief speech he said it had been his expectation that some proposition looking to an adjustment of the differences would be submitted by the operators at the afternoon session, but it was evident they had not been able to agree among themselves. The miners of the joint conference, he said, had even exceeded their powers to meet the grave responsibilities placed upon them, "not only as miners, but as countrymen and citizens, by the request and the suggestions of the president of our country. And it will become evident from the votes represented here that at least four states must and rightfully shall assume the responsibility for a disagreement, if no settlement is reached."

Motion By Mr. Mitchell.

Mr. Mitchell then offered for the consideration of the joint conference a motion that, as a basis of settlement, there be a restoration of the scale, the mining scale and the dead work scale of 1905.

T. H. Wither, chairman of the operators, offered as a substitute a motion to adopt the present scale with all conditions existing at the time of its adoption, with the mining rate of \$3.00 for a base, and to include all cost of shoring, loading, timbering and inspection of shots.

The Various Speakers.

Speeches were made for the operators by J. C. Koleson and Phil Penna, of Indiana; H. N. Taylor, of Illinois, and H. L. Chapman, of Ohio, all expressing their determination of the operators of these states to oppose any increase in wages and to refuse to pay an advance. For the miners, President John Mitchell, Vice-President T. L. Lewis and Secretary W. B. Wilson of the national organization, together with President H. C. Perry, of the Illinois miners; President Wm. Groves of the Ohio miners and President Wellington O'Connor of the Indiana miners, expressed the determination of the miners to insist upon their demands for the restoration of the wage scale of 1905, which is an increase of 5.55 per cent.

Mr. F. L. Robbins, of the western Pennsylvania operators, favored the payment of the increase demanded by the miners, did not speak during the afternoon.

An Arbitration Suggestion.

Mr. Phil Penna, of the Indiana operators, suggested the settlement of the differences by arbitration. On this subject he said: "The coal operators for whom I am talking have done business in joint scale committees for 20 consecutive years. They have favored peace at all times, and favor peace now with honor. Rather than resort to an industrial strike, as far as Indiana is concerned, we may have other things to suggest and we hope there may be other things available to prevent any such thing. I don't know what might be done or how we may avoid this industrial conflict unless, perhaps, when we can agree the personal interests interfere; or it might be the American people, through the president, as has been done before. I don't know of any good reason why we could not avert a calamity by some such means at this time or in the near future. One thing is sure, the American people are not going to suffer any great injury because of the disagreement over a paltry five per cent. in wages."

Rioters Let Down Easy.

Columbus, O., March 23.—Thirteen young men and boys who were arrested by the troops at Springfield during the race riot some weeks ago were dismissed with the nominal fine of \$1, the costs having been remitted.

The Japanese Railway Bill.

Tokio, March 23.—The bill for the nationalization of Japanese railways, as amended by the house of peers, was again presented in the house of representatives. After strong opposition the house adopted the bill as amended.

Willie Hoppe Defeats Stinson.

New York, March 23.—Willie Hoppe defeated George Stinson here last night for the world's championship at 14-ball on the billiards, one shot in, by 500 points to 395.

## ANARCHY IN HIGH PLACES.

Attacks on Federal Courts  
Creates Storm in Congress.

LODGE DRAWS DEADLY PARALLEL

Washington, March 27.—(Special).—What practically amounts to anarchy has found foothold in Congress. This statement is a sensational one, but nevertheless it is founded in absolute fact. The foundations of justice have been smirched by no less personages than a United States Senator and a member of the Interstate Commerce Commission. The aspersion of the latter was treated in a manner it deserved, until the Senator endorsed the revolutionary attack on the Federal courts. Now Washington is thoroughly awake to the dangerous times in which the government has found itself.

Senator Tillman's direct attack on the Federal courts of justice created a storm during his speech on the Hepburn rate bill, in which he was arguing against providing specifically for the inherent right of shippers and carriers to appeal to the law from orders of the Interstate Commerce Commission. He declared emphatically that the people had lost all faith in the Federal judges, and that the nation was like a ship adrift, and without the rudder of the law. Instantly Senator Scott, Gallinger, Spooner and Foraker rebuked the speaker, but the "pitchfork" statesman, in characteristic fashion, repeated his accusation. He said:

"I did not expect to get into any unpleasant controversy like this when I stated, as a general proposition, the reason why the passage of this bill is of such vast importance. It is because the people have lost faith in the judges. Now, I repeat it, I believe it. That is all there is about it."

Senator Lodge called attention to the dangerous preachments of government officials. He first quoted an interview with Eugene V. Debs, in which the Socialist leader declared his views with regard to aiding certain labor leaders in the West, accused of brutal assaults on strikers, and since the days of the Molly Maguires. Mr. Debs said:

"We have no courts to appeal to; they belong to the plutocracy, and I am opposed to spending any money to get up against a brace of game judicial."

Mr. Lodge pointed out that Mr. Debs' remedy was civil war, and asked:

"You may say that is the rav- ing of a man of violence and anarchy. Perhaps it is the last extreme; but is it wise for others to encourage that wholly false view of the courts and to teach the American people that the courts are not to be trusted?"

Then Mr. Lodge referred to a clipping taken from a Chicago newspaper in which Charles A. Prouty, a member of the Interstate Commerce Commission, was quoted as saying:

"If the Interstate Commerce Commission were worth buying, the railroads would try to buy it. The railroads, it is well known, own many of the courts and other public bodies."

After drawing this deadly parallel between the inflammatory utterance of a man pledged to out and out anarchy and the more deadly statement of an officer of the government, presumed to be forsworn to law and order, Mr. Lodge said:

"It is when a man of ability and character holding high government position like that of an Interstate Commerce Commissioner, uses the language that I have quoted that the matter becomes deeply serious. It is when the doubts and suspicions in regard to our courts are suggested by words of a man eminent in public office, as has been the case in the past months during the discussion of this question; it is when every effort is made to shut the courts out from all consideration of the momentous questions raised by this Hepburn bill that the matter grows grave indeed, for it is in this way that the distrust is bred of which the Senator from Texas spoke, and which every reflecting man must believe to be an inestimable if not an irreparable injury to the country."

The Hepburn rate bill, as it was passed by the House, pointedly ignores the courts, and conservative members of Congress are pointing to it as a crowning evidence of the prevalence in Washington of the Socialistic spirit.

## THE "YELLOW" AND PUBLIC OPINION.

District Attorney Jerome, of New York, has spoken with a directness all his own against the hysteria of exposure and denunciation which he says pervades the nation. The "yellow" press, he says, is largely responsible for this. Some such papers he declares, "stand as vultures that seek their carrion, and seek it with a sense of recognition." But he also says, and truly, that many of the people demand "hot stuff at so much per," and their needs are met by these publications. It is unfortunately true that the "yellows" would just as soon be purveyors of carrion as to dispense the most wholesome and helpful news and editorial stuff, if so be it brings gain to their bank accounts. Mr. Jerome assails Lincoln J. Steffens, who he says: "blows into a state and in three weeks has it torn up for his magazine." He denounces David Graham Phillips, who is now writing for a magazine on the "Treason of the Senate."

Of this he says: "Because some men are there who ought not to be there—some who bought the position—shall we say that the governors of our body politic are guilty of treason? Base men are there, but when, in the bright, breezy sentiments of modern newspaper life, you assert there is treason, you either lie or misconceive the meaning of the English language."

Mr. Jerome lays the responsibility heavily upon the newspaper, the politician, and all leaders of public opinion, when he says:

"Public opinion goes hither and thither, like a ship, but in the long course of time, it is sweet and sane and sound, and will make its port. But it lies on you to see to it that its tack is no longer than they ought to be."

"It is wasted power, that sentiment of the community that goes up one trail and back again to another. Today, all through this nation, what do we find? A case of absolute hysteria."

## SOCIALISM AND ANARCHY.

The recent passage of the resolution by the national conference of United Mine Workers of America, voting \$5000 "and as much more as necessary" to aid in the defense of President Moyer and other officers of the Western federation of miners, charged with the assassination of ex-Gov. Steunenberg, of Idaho, is regarded as a victory for the socialistic faction of this organization. This faction in the mineworkers organization seems to have been gaining strength for several years. In this connection it is timely to remark that Eugene V. Debs, who is noted for his defense of the Chicago anarchists who committed the Haymarket outrages twenty years ago, is out in a signed declaration that if Moyer and the others are hanged for the murder of ex-Gov. Steunenberg he will do all in his power to precipitate a general revolution in this country. Debs goes further and threatens the lives of "the governors of Idaho and

Colorado and their masters from Wall Street, New York, to the Rocky Mountains," who he says "had better prepare to follow them," if Moyer and others are found guilty of murder and condemned by the courts. Debs says in so many words that the murdered governor simply got what he deserved. And the socialistic element of the United Mine Workers, which seems now to predominate in practically taking position with Debs, the apologist for anarchists.

LIBERAL contributions from America are reported, in dispatches from Tokio, to be already effective, but the lives of tens of thousands are still on the verge of starvation. Many parents are parting with their children and sending them to the overcrowded Okayama orphanage. A great many sympathetic and charitable people, some of whom live in Earlington have been contributing to the relief of the distressed Japanese. Still others must see the necessity of further aid, and give it, if these suffering people are to be succored in time.

DISTRICT ATTORNEY JEROME, of New York City, in spite of the popular craze of the moment, when he says Judge Alton B. Parker and others wanted him to do things without evidence, declares that "there is one public official in New York today who will not permit them to indict without evidence." How fine a thing it would be if the courts here and everywhere were under the supervision of prosecutors who realize that it was as much their duty to protect the innocent as to punish the guilty.

A mob's a mob, and equally reprehensible wherever its unreasoning anger and hate is spent on guilty or guiltless victim. Apologists for the southern mob write and talk of the doings of the mob in the north. The color of such discussion depends upon whose ox is gored. The Courier-Journal says:

A Louisiana mob has lynched a negro for stealing a cow. Just at present it is hardly worth while for our Southern contemporaries to prolong their discussions of the recent Ohio mob from a geographical point of view.

## Kentucky Now has a "State Racing Commission," to "regulate the business of racing in the State." The Legislature did it. Queer sound to the sober souls who pay their taxes regularly and "wouldn't be caught dead" at a horserace.

## Waterson and Francis.

David B. Francis is to speak for Missouri on the Kentucky homecoming day in Louisville. Thus may Missouri echo the silver tongue of Henry Waterson, whose voice will mingle with the wind, water and the whiskey in bidding the Missouri sons of Kentucky a welcome to the old roof tree. Waterson and Francis are reminiscent of the time when both stood with their party when their party stood with them on the broad and greasy platform of low wages for American labor. Since the party has moved forward to advance ground, Waterson and Francis, who refused to move with it, can both speak for old Kentucky. Neither of them can speak for new Missouri.

## Same Here.

Swift Champ, the very clever editor of the Barton News at Paris, covers a multitude of sins when he says: "Every few days you meet some one who will say, 'you don't publish all the news.' We should say no. Not on your life. There is somebody else depending on us for a living. If we published all that happened, we would be angry. In order to please the people we must print only the nice things said of them and leave the rest to gossip. Yes, it is a fact we don't print all the news. It would be splay reading, but it would be for one week only. The next week you would read our obituary and there would be a new face in heaven. All this news is all right when it is about the other fellow."

## Rocketeer Money for Boys.

A representative of John D. Rockefeller has asked Judge Ben R. Lindsey of the Denver juvenile improvement association, for which a large sum of money is to be given to pay the expenses of organization. The special object will be to reach those children who are crowded together in great cities and equip them for industrial efficiency and good citizenship. Judge Lindsey has not yet announced what cities will be included.

## A Paint Problem

Paint either spreads well, looks well and wears well, or it doesn't. Wear is what determines real paint value. Any practical painter will tell you that a paint will live only as long as the oil that's in it lives. The oil is the life of paint. "Dead Oil, Dead Paint."

**HAMMAR CONDENSED PAINT**  
It is not a "ready-mixed" paint. It comes to you in condensed form: the driers, everything necessary in it except the oil. You buy pure, raw linseed oil and do your own mixing. Sure of pure oil that way—not otherwise. One gallon of pure raw linseed oil and one gallon of Hammar Condensed Paint will cover more area, wear longer, and give better results than any other paint made. That's strong talk, but "Hammar" is strong paint. One gallon of Hammar Paint and one gallon of linseed oil will cover 600 square feet of surface with two coats and it won't come off. Guaranteed to stick for five years or money back.

We have the exclusive agency for Hammar Paint in this country. Come in and see before you paint and let us tell you why "Hammar" is the best paint, and show you how you can save at least 25% on your next paint bill.

JNO. X. TAYLOR'S DRUGSTORE.

## Carnegie Backs Spelling Reform.

A organization known as the simplified spelling board, of which Prof. Bander Mathews of Columbia is the active head, has come into prominence through the promise of \$15,000 a year from Andrew Carnegie for its support. Mr. Carnegie asked that at least twenty prominent writers should agree to adopt the proposed reform before he would give anything, over fifty prominent persons gave the necessary pledges, and now the board is in full swing. It is the purpose to follow certain spellings proposed by the National Educational association and to confine itself chiefly to the dropping of silent letters.

## How It Sounds.

The silence of Secretary Taft over his refusal to accept the vacancy on the supreme bench makes a noise that in some quarters will sound like 1008—Denver Republican.

## The Proper Fee.

A New York lawyer who admitted that he charged a client \$15 for collecting a \$39 bill was told by the judge that he was a disgrace to the bar. "I'll pay your fee of course," was \$30—Kansas City Journal.

## Hot Springs, Ark.

This great health and pleasure resort is best reached via the Iron Mountain Route. Quickest schedule and solid trains. Pullman sleepers, chair cars, etc. from St. Louis to Memphis daily. Now is the season to visit this great resort. Low round trip rates, liberal limits. Handsome descriptive literature furnished free. For rates, map folders, etc., call on nearest Ticket Agent, or address R. T. G. Matthews, T. P. A. Room 301 Norton Bldg., Louisville, Ky.

## The Most Urgent Reason.

If the story that Mr. Bryan has become a "convert" were true, it would bring him home from Asia, nothing can—Kansas City Star.

## Cause and Effect.

It will be noted that the sudden appearance of a great coldness all over the country was coincident with the emergency of Alton B. Parker from his hole.—New York Mail.

## WEAK HEART'S

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

## Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and I am cured. After using a few bottles I am cured. WIFE, LORING WICKS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state of mind and heart trouble with it. I took Kodol Dyspepsia Cure for about four months and I am cured. D. KAUBLE, Nevada, O.

## Digests What You Eat

Smallest bottle containing 1/2 ounce as much as the 1/4 oz. bottle. 25¢ each. Prepared at the Lab. of Dr. J. C. KODOL, Wm. S. Pillsbury, O. S. A.

# Majestic Baking Demonstration

## ONE WEEK, APRIL 2nd TO 7th.

We heartily invite our friends to call any day during the above mentioned week and we will demonstrate the Superior Qualities of the

## New Majestic Malleable and Charcoal Iron Range.

The Majestic Malleable and Steel Range as formerly turned out by the majestic people has been considered throughout the entire country par-excellence and far ahead of any other range made. But with the new CHARCOAL IRON BODY in place of steel making it double its value, and the fact that it is the only range in existence made of Malleable and Charcoal Iron you can readily see that if quality is considered the Majestic leads by a big margin. **WE WANT YOU TO CALL AT OUR STORE** during this week and let us explain the new feature---Charcoal Iron Bodies---let us explain why it is the best material for range bodies and incidentally why it is not used in other ranges. We want you to call if you intend to buy or not, as the information gained will serve you in the future.

**HOT COFFEE AND BISCUITS FREE** Come any day during this week and have buttered biscuits and hot coffee. Biscuits baked on a Majestic in three minutes while you wait.

### HANDSOME SET OF WARE FREE.

With every range sold during this demonstration we will give absolutely free one set of majestic ware worth every cent of \$7.50. This ware will be on exhibition at our store. Everything useful, ornamental and durable. Come in and see it and you will agree with us it cannot be bought for less than \$7.50, and it is cheap at that.

Come in any day, you are welcome whether you buy or not.

**BOURLAND & MOORE,**

**Madisonville, Kentucky.**

### LOCOMOTIVE BLASTS

See Mileage Growth in South.  
(Baltimore Sun.)

In no feature of its industrial record is the great development of the South in recent years more clearly indicated than in its railway ton mileage. In 1882 the ton mileage of the entire South was but 2,046,000,000, against 37,255,000,000 in the rest of the United States, the South's proportion being under one eighteenth. In 1890 the figures for the South had increased more than threefold, while that for the country had about doubled. In 1904 the ton mileage for the South was 21,590,000, while that of the rest of the Union was 152,022,000,000. The share of the South had become nearly one-seventh as a unit one-eighteenth in 1882. The railway ton mileage of the South in 1904 was more than ten times as great as in 1882.

A Chicago report says that

25,000 laborers are needed in the construction of new railroad lines that have been projected in the northwest and the southwest. The supply of labor in those sections has been exhausted.

North bound passenger trains have been instructed to take water at the south crane and then pull down and do station work. Passenger trains south bound are instructed to take water at the north crane doing station work afterwards. This is done on account of complaints being made and indictments found against the company for blocking the Main street crossing longer than the law allows. All concerned who violate the instructions in regard to this matter will be subject to dismissal from the service.

Conductor Bailey, of the north coal run, has severed his connection with the company.

Thos. Smith, of the night force, is recovering from injuries sustained in an accident several nights ago.

Brakeman Chas. Burdon has

resigned and accepted a position with the Illinois Central.

Supt. Logsdon was here on business Monday.

Steve Mothershead, of Evansville, spent Sunday in this city with home folks.

Herman Vaughn, of Seebree, has accepted employment on the Henderson division as brakeman on one of the local freight runs between Howell and Hopkinsville.

Mr. and Mrs. R. L. Jackson, of Madisonville, have gone to Oklahoma on a prospecting tour and may decide to make their home in the southwest. "Bob" has been night operator at Madisonville for about nine years and is popular with the railroad men.

His many friends regret that he will sever his connection with the L. & N. R. R.

Clyde Ashly, of Madisonville, has accepted a position with the L. & N., on this division.

Switchman Ed. McCarty was in Madisonville Saturday.

Caller Eugene Foster went to Madisonville Saturday on business.

Conductor Jno. Martin has been assigned to the north end coal run succeeding Conductor Bailey.

Operator Jas. Sanders and wife, of this place, are visiting relatives in Cincinnati, O.

Switchman Wm. Larnouth doubled back one night last week and was in charge of switch engine 512.

Conductor Thos. Longstaff has severed his connection with the Henderson division.

It is probable that the L. & N. will some day in the dim and distant future double track the Henderson division, but it will likely be years before it is accomplished. The double tracking of that portion of the road between Madisonville and Nortonville will likely be done within a year or so as the traffic is very heavy here on account of the coal trains and the interurban.

### NEWS OF THE ILLINOIS CENTRAL.

Items of Interest From Correspondent at Princeton.

Engineer H. C. Butler was killed in the cab of his engine near Horse Branch Tuesday

morning. He was pulling freight train No. 184 and was running at the average speed when he was seen by the fireman to reel backward with blood gushing from a wound in the head. It is supposed that he leaned out of the cab window and was struck by an obstruction.

A passenger that had been tied up in a snow drift near Argenta, Ill., has been released two days late. The passengers were supplied with food by the farmers.

Traffic was resumed last week between Jackson and New Orleans. All the wash outs have been repaired.

A scale of wages has been agreed upon by the officials and telegraph operators on the Southern. This is the first schedule to take effect on that road and does not fix minimum or maximum salary but will be adjusted to fit each individual case. H. B. Perham, president of the Order of Railroad Telegraphers, states that the station agents and operators are very well pleased.

All Nashville division conductors register and get orders in the dispatcher's office now instead of the agent's office. Change took place at 12 o'clock Saturday night on account of operators in agent's office being overworked.

A. B. Misenheimer, night baggage man at Paducah, is ill of pneumonia.

Cashier D. L. Campbell, of Nashville, has been made traveling auditor.

Yardmaster Cole has resumed duty after an two weeks' illness.

Agent Slaughter has resigned as agent at Cedar Bluff. He is succeeded by Operator Dudley.

Caller Ernest Shackelford spent Friday and Saturday in Paducah.

Operator J. K. Adams, of St. Charles, was in Paducah Thursday.

R. C. Holloway has returned from a visit in Nashville.

The new locomotive crane for the purpose of coaling engines has been put into service here.

Operator Cole of Central City, has accepted a position as flag man on the Nashville division.

Baggage man G. K. Johnson visited in St. Charles Thursday.

Special Agent J. D. King was in town last week.

Brakeman William Walls, who was learning the road, fell beneath the wheels of a passenger train at Fulton receiving injuries that caused the amputation of both legs.

Conductors W. B. Wise and W. H. Bremer of the Nashville division, have resigned.

Conductor W. D. Miller has returned to work on the Nashville division local after serving thirty days' suspension.

Wm. Devney has resigned the position of train dispatcher of the Nashville division and is succeeded by Operator James Jewell.

Fireman Hugh Jones was found dead at first bridge north of Spalding Monday morning. He with Engineer Jno. Loftus had charge of engine 607 pulling a freight train and it is supposed that Jones leaned from the cab and was struck by some part of a bridge structure. Engineer Loftus ran the engine about one mile from the place of the accident before discovering the disappearance of his fireman. When the engine was stopped and the crew started back to investigate they met train No. 383 which had picked up the body that had been found by a tracker suspended from the bridge structure by one arm and leg.

Engine 619 struck a buggy at first crossing south of depot Monday causing the horses to run into a guy wire and telegraph pole, throwing the occupants, Mr. and Mrs. J. P. Fralick, out. Mr. Fralick received a slight scratch on the head and two teeth knocked out. Mrs. Fralick received a cut on the face. Both were brought to the ticket office where they received surgical attention.

### KILL THE COUGH AND CURE THE LUNGS

WITH **Dr. King's New Discovery** FOR CONSUMPTION, COUGHS AND FREE THROAT. Price 50c \$1.00 BOTTLES. Free Trial.

## REAL ESTATE DEALERS

We Have the Following Property for Sale and will sell it reasonably

### MADISONVILLE LIST.

A nice house and lot on East Broadway, Madisonville, house new and in first class state of repairs, cheap at \$3,500. Terms easy.

A nice cottage on Daves St. near East Broadway; house new, nice outbuildings, good chicken, everything well improved. This property is a bargain at \$1,600.

Also a nice new cottage on Seminary street, in the city of Madisonville at a bargain. Can be bought for \$1,500.

Have two cheap houses for sale that can be bought at \$1,000 cash. These houses are renting for \$25 per year, which is over 12 per cent. on an investment.

A new house on Daves street in the city of Madisonville, with a vacant lot, good outbuildings, good well of water, new fences, everything in first class state of repairs. This house can be bought for \$1,800 on easy terms.

Also have quite a number of houses and lots that we own individually and some four or five hundred acres of good farming lands that we can sell on easy terms, and some 15 or 20 vacant lots at prices very satisfactory to people wishing to make a good investment.

One 4 room cottage, lot \$1,000 feet. Outbuildings and garden, on corner of Noel and Seminary-st. Price \$1,600.

One 8 room cottage, lot \$1,300 feet. Good water and outbuildings, on Seminary street. Price \$3,000. This is a bargain.

45 acres good timber land, 1 mile from Madisonville, near Reinecke mine. Will sell land, timber and mineral rights for \$2,000. The timber alone is worth half the amount.

One tract of 40 acres and one of 25 acres, good timber. The 40 acre tract joins the Dabney Bishop farm and the 25 acre tract is about 2 miles from Madisonville. The land is in the heart of the coal fields and is worth \$75 per acre. Price now \$50 per acre.

If you are interested call or write us.

FINLEY & FAWCETT,  
Earlington & Madisonville

### HECLA NEWS.

The Rev. S. R. Crockett conducted services at the Hecla church Tuesday last Sunday.

Several families from this place contemplate emigrating to California in the near future. They will probably locate somewhere near Los Angeles.

Mr. Jas. Toombs and family have moved out to the Stone place.

Mrs. Eliza Powell left for her home near Hopkinsville last Saturday. She has been spending some weeks as the guest of Mrs. A. J. Wilson.

Mr. John Jennings is visiting in Trenton this week.

The children of Mr. Jas. Greer are all confined at home with the whooping cough. Mr. and Mrs. Greer are also sick.

The Hecla Sunday school will have a rally on the fourth Sunday in April. An interesting program is being prepared.

Mrs. W. P. Jennings was in Madisonville Tuesday.

Mr. and Mrs. Roy Lovelace have gone to housekeeping in Earlington.

### WRONG PLACE

A Wrong Man, One Not Known in Earlington.

The Louisville Times of March 27 says: "T. W. McConnell, a well-known business man of Earlington, Ky., died at that place today at the age of sixty-five years. He had been actively engaged in business in Earlington for many years and leaves a large family."

This is an error. No such man as T. W. McConnell is in business at this place and is not known here. Mr. McConnell probably lived at Earlington, Ky., instead of Earlington.

## NICK TOOMBS & CO.,

### REAL ESTATE AND LOAN AGENTS.

If you want to buy or sell Fine Timbers, Coal Rights of City Property, Call on us before you trade. All Property dealt with us will be handled free of charge to owner. Satisfaction Guaranteed.

Office Jno. X. Taylor's Drug Store,  
Earlington, Kentucky.

## ROCKEFELLER WOULD SEE HAYLEY ALONE

STATEMENT MADE BY JOHN D. ARCHBOLD, VICE-PRESIDENT STANDARD OIL.

Mr. Hadley Replied That He Had Only One Place to Remain—His Office, and That "Right Here," But Would Look Into Matter—Rockefeller's Whereabouts.

New York, March 27.—John D. Archbold, vice-president of the Standard Oil Co., on the witness stand Monday told Atty.-Gen. Hadley that John D. Rockefeller would be glad to meet Mr. Hadley in private and would gladly give him all the information possible. "Mr. Rockefeller has no desire to defeat the rule of justice," said Mr. Archbold, "but he is an old man, and is in no physical condition to stand the strain of a public examination."

"I have but one place to examine witnesses," replied Mr. Hadley, "and that is right here, where all the examinations have been held."

Mr. Archbold replied that he was quite certain that Mr. Rockefeller would be glad to see the Missouri official privately.

"I would rather Mr. Rockefeller appeared here," replied Mr. Hadley, "but I will have to look into what you say."

The examination of Archbold was then resumed. He caught sight of several artists making sketches of him, and made a forcible protest to Commissioner Sanborn, who said mildly, "All sketch artists will kindly desist."

Mr. Archbold said that he was quite certain that Mr. Rockefeller would be glad to see the Missouri official privately.

"Will you give us a copy of your practice concerning Standard Oil products?" asked Mr. Hadley.

"Yes," said Mr. Archbold. "That is—and then he paused—if I can get them."

Free Press Independent Statistics. "Will you give us your statistics of the products of independent companies?"

"Yes," said Mr. Archbold, animatedly. "I will have a full list of the 125 companies with details as to their production and capacity over this afternoon."

"Thank you," said Mr. Hadley, gravely.

Mr. Archbold was then excused, but was immediately recalled and asked: "Knows Where Rockefeller is."

"Do you know where Mr. John D. Rockefeller is at the present time?"

"Sure. He is in Lakewood."

"When did you last see him there?"

"Within a few days. He has been in New York city and Lakewood all this time," Mr. Hadley.

Mr. Archbold said that John D. Rockefeller had not been in active management of the Standard Oil for ten years, both because of precarious health and of advancing years.

He said there was now no master mind, but that the affairs of the system were looked after by a board composed of "gentlemen whose associations in business are very closely connected."

KILLED DOWN IN A MINE  
Twenty-Three Lives Lost and Twenty-Five Injured in Mine Explosion in West Virginia.

Fairmont, W. Va., March 24.—Twenty-two are known to be dead, 25 injured and one missing and believed to be dead, as a result of an explosion of gas in the shaft of the Century Coal Co. at Fairmont, a small mining town situated 50 miles north of Fairmont, on the New York and Baltimore branch of the Baltimore and Ohio railroad.

The explosion was the most terrible of a series of underground tragedies which have befallen this district in the last 15 months.

TRAIN WRECK IN WYOMING  
Ten Killed and Seventeen Injured  
When Northwestern Train Goes Through Cut.

Cheyenne, Wyo., March 27.—A passenger train went through a cut on the Northwestern railway, 10 miles north of Casper, Wyo., Monday morning. Ten persons were killed and 17 injured. Railroad bridges were washed out and surgeons were sent to the scene in wagons.

Most of the killed were Austrian laborers on their way to a grading camp. They were in a caboose which fell in a ravine and a car loaded with a heavy tank fell on the caboose, drowning the unfortunate like rats in a trap.

Suggests Federal Control.  
"Frank Hagerman, of Kansas City, attorney for Standard Oil, in an interview in New York, is quoted as saying: 'To my mind, the only possible solution of the problem is for the federal government to assume control of all corporations combining with this control complete publicity. No other course seems to be possible in view of the trend of public sentiment. Some change certainly must be effected. With each state framing laws affecting corporations along different lines, it is practically impossible for a great corporation doing business in a large number of states to comply with the laws of each particular state.'"

Sensor Nation's Case.  
Washington, March 28.—The brief in the case of Senator Burton, of Kansas, whose case has been pending for some time in the United States supreme court, has been filed in that court.

## JOINT CONFERENCE STILL IN SESSION

Another Meeting This Afternoon. No Settlement Yet

LITTLE PROSPE OF AN AGREEMENT.

Indianapolis, March 28.—The joint conference of the coal miners and operators of the central competitive district adjourned today at 2 o'clock, with no settlement of their wage differences reported and with none in prospect so far as indications pointed.

Operators' Attitude.  
Operators of Illinois, Indiana and Ohio, speaking through A. J. Morehead, said he thought Illinois should break away from the interstate agreement. H. N. Taylor, of Illinois, R. R. Hammond, Chairman Winder and Secretary Bent, of the Illinois miners, reaffirmed their refusal to pay any advance. F. L. Robbins, of Pennsylvania, offered to pay the advance asked, not only in the mines of the Pittsburgh Coal Company, but in his own mines in Pennsylvania.

Ohio and Illinois urged the miners to sign the scale wherever it was offered, even though the mines of the other operators should be left out. J. B. Zerbe appealed to the miners not to sign by districts, but to stand together.

WITH HIS PISTOL.  
In Hand Mr. Sapp Ordered The Preacher Out of His House.

Hawesville, Ky., March 27.—Quite a scene was witnessed when Mr. Joe Sapp, one of the most prominent business men in Hawesville, while looking through a hole he had cut in the wall of his store found his wife with the Rev. B. F. Lawhorn, pastor of the Hawesville Methodist church. Coming out from behind his place of hiding with a pistol in his hand he told the preacher that he had gone far enough and ordered him out of his store.

The Rev. Mr. Lawhorn is a member of the Methodist church, and the preacher says that he was only trying to get the Sapps back to their husband, as the couple had quarreled several days before.

WARDROBE FELL ON HER.  
Mrs. Vie Davis Strained By Shock From Heavy Piece of Furniture.

Mrs. Vie Davis suffered an accident yesterday morning at the home of her son, Dr. P. H. Davis, that caused near being serious. She climbed partly upon a large and heavy wardrobe in some hurried way, it fell over her with a great crash that alarmed the family and sent the neighbors in to see what was the matter. Fortunately a door of the wardrobe was open as it fell, for Mrs. Davis escaped with only a strain.

## HAS FINISHED IN NEW YORK

ATTORNEY-GENERAL HADLEY OF MISSOURI RESTS.

Testimony Taken in His Oil Trust Ouster Suit Will Be Confirmed to the Missouri Supreme Court.

New York, March 28.—The taking of testimony in this city in the proceedings brought by the state of Missouri to ouster from that commonwealth the Standard Oil Co. of Indiana, the Waters-Pierce Oil Co. and the Republic Oil Co., on the ground that they constitute a combination in restraint of trade, was ended, Tuesday, Attorney-General Hadley of Missouri, who has been present during most of the time since the local inquest began, announced that the day's adjournment the New York proceedings were ended. He instructed Commissioner Sanborn, before whom the witnesses testified, to send a certified copy of the testimony to the supreme court of Missouri, where it will become a part of the record in the state's case.

Practically the last move Mr. Hadley made in the case was to introduce testimony showing the difficulties under which most of the witnesses who are in any way connected with the Standard Oil Co. were served. He put in the record that fact every effort had been made to secure the testimony of John D. Rockefeller, but none had succeeded. He introduced copies of letters written to attorneys of the Standard Oil requesting that officials of the company accept service. The request applied to John D. Rockefeller along with several others.

THE RIO GRANDE DISASTER  
Conclusions and Recommendations of the Coroner's Jury at Canyon City, Col.

Canyon City, Col., March 28.—The coroner's jury which has been investigating the Denver & Rio Grande wreck at Adobe on March 14 ended its deliberations Tuesday and returned a verdict, which, in its essential points, is as follows:

"That the collision was due to the carelessness and negligence of S. F. Lively, operator at Swallows."

"That his negligence was not willful or malicious."

"That Lively was asleep when No. 10 passed his station and failed to so report when asked by the chief dispatcher."

"That Night Operator Vandusen should not have deserted his post of duty."

"That no criminal prosecution should lie against Lively or the railroad by reason of said collision."

"That a change in signal methods should be adopted requiring trains to remain at message stations until stop signals are changed and the engineer has ascertained from the agent that there are no orders for him."

"That a block signal system be installed so that the Denver & Rio Grande system double track its roadway."

JEROME TO TEST THE LAW  
The Question of Criminality of Campaign Contributions by Corporations To Be Tested.

New York, March 28.—It developed Tuesday afternoon that only one warrant has been issued as the result of sudden activity of District Attorney Jerome, and that is for George W. Perkins. The movement is in accordance with a plan of Jerome's to test the law. The idea is to have the supreme court pass upon the question of criminality in corporations making campaign contributions in accordance with this law. Perkins would be indicted Wednesday. Counsel for Perkins will procure a writ of habeas corpus from one of the justices of the supreme court. Jerome will submit the facts in his possession and ask for a speedy decision.

This apparently is the answer of Jerome to Judge O'Neill, who charged the grand jury not to permit the district attorney to take the insurance case away from them, but to demand that the law should be produced for their consideration.

Curry Will Wipe Them Out  
Escapes The Pulanajes, and Threatens Extermination.

The Governor of Samar and Other American Swam a River and Saved Their Lives.

Manila, March 26.—A telegram received by the government Saturday from the island of Samar says that a battle has occurred between the constabulary and a force of fanatical Pulanajes.

A dispatch received from Capt. Jones of the constabulary, at Masatan, said that on March 25 Gov. Curry, Judge Lobinger and Superintendent of Schools Hoover arrived there and camped over night near the Pulanajes. The presence of the officials was made known to the rebellious natives, and their leader announced that he would surrender his force the next day.

The next day (Saturday morning) the four chiefs of the Pulanajes, with more than 100 men and 14 guns, appeared at Masatan and lined up in front of the constabulary barracks. Between the barracks and the Pulanajes stood the group of American officials.

One of the chiefs expressed a wish that his men be photographed by the constabulary, and the group of American officials was made known to the rebellious natives, and their leader announced that he would surrender his force the next day.

When the truce of the natives, was apparent the constabulary immediately sent a force of men, in compliance with the request, was adjusting his camera when the Pulanajes leader blew a whistle and gave an order to advance.

The American officials were later found with the exception of Gov. Curry, who was injured, and several others. It is now believed he is hiding in the dense brush in that locality.

## "MOTHER'S AT THE CLUB."

A Mother's Sympathy for "The Boy's Place in the Home" Brings Out the Idea That the Boy Should Be Taught the Rudiments of Plain Cooking and Other Household Work.

## SUITS BROUGHT FOR IMMENSE SUMS

### MUTUAL COMPANY CHARGES OFFICIALS WITH FRAUDULENT CONSPIRACY.

McCurdy, His Son-in-Law, Thebaud, and Raymond Are Defendants in Suits Brought to Recover \$5,300,000—Five Hundred Thousand Paid. It is Alleged, For No Service Whatever.

New York, March 28.—Charges that a fraudulent and corrupt conspiracy existed between Richard A. McCurdy, former president of the Mutual Life Insurance Co.; his son-in-law, Louis A. Thebaud, and the latter's partner, Charles H. Raymond, are made in the formal complaints in two suits instituted by the company against the men named for the recovery of \$1,750,000. These suits are in addition to the one brought last week by the company against Richard A. McCurdy alone for the recovery of \$3,570,000. The total now runs for amounts to \$5,320,000. The suits brought in the opinion of lawyers, from the basis for criminal prosecutions.

One of the suits is directed against the elder McCurdy, Thebaud and Raymond, and the other against Thebaud and Raymond alone. The charge is made that sums, aggregating the immense total of \$5,000,000, were paid Raymond & Co., for no reason whatever, except to enrich McCurdy's son-in-law and his partner, and no services were rendered for this money. It is alleged, the payments being purely gratuitous.

These gratuities and the enormous commissions paid Raymond & Co. as general agents for the metropolitan district from the basis of the two suits.

**Casey in the Penitentiary.**  
Harrisburg, Pa., March 26.—Thomas M. Casey, former manager of the bank of Salomon & Salomon, of Clinton, which failed last summer, with heavy liabilities, catching many poor depositors, pleaded guilty here Saturday in the circuit court to a charge of larceny, and was sentenced to five years in the penitentiary. He has been taken to prison, where he will probably work as bookkeeper.

**A Cousin of Roosevelt Dead.**  
New York, March 27.—Mrs. Carola Sevel, wife of Edward Sevel, died at Monticello, France. Mrs. Sevel was the daughter of James J. Roosevelt and a cousin of President Roosevelt.

## IMPORTANT EVENTS OF RECENT OCCURRENCE.

British ministry postpones legislative discussion favoring Irish till next parliament.

Representative Payne, of ways and means committee, says no tariff revision at present session.

Miners delivered ultimatum to operators, demanding restoration of 1903 scale.

Vice-President Standard Oil asks Hadley to grant John D. Rockefeller a private interview.

Gov. O'Sullivan, court of general sessions, New York city, makes move to take prosecution of insurance cases out of the hands of District Attorney Jerome and place cases in hands of attorney general of the state.

Report that Standard Oil is on verge of reorganization.

Henry H. Rogers, vice-president of the Standard Oil Co., admitted that Standard Oil is the controlling interest in the other two companies, in answer to the persistent questioning of Atty.-Gen. Hadley of Missouri before Commissioner Sanborn, in New York city.

Senator Tillman declared in the senate that "the people of the United States had a great distrust of the judiciary."

United States delegation gets credit for proposal which will bring about accord at Algeiras conference.

High government official says Russian czar may be forced to abandon proposed reforms.

Battleships Ohio and Wisconsin and gunboat Concord go to Shanghai, increasing American fleet there to eight vessels.

Gov. Cummins, of Iowa, in letter to Senator Elkins, tells the latter company regards him as tool of railroad interests.

Atty.-Gen. Hadley of Missouri says his work is almost completed and that he has almost all the evidence needed on which to base prosecutions against the oil companies. He claims to have letters which reveal secrets of Standard Oil.

Edmund J. James, president of Illinois university, submits to Secretary Root an elaborate suggestion for an educational commission to win the Chinese.

The United States marine band will be sent to England next summer for the first time.

## THE MINERS' ULTIMATUM

WAGE SCALE OF 1903, WHICH IS INCREASE OF 5.55 PER CENT.

Mitchell Says That Under No Circumstances Would There Be Agreement For Less.

Indianapolis, Ind., March 27.—The United Mine Workers of America, through John Mitchell, president of the organization; T. L. Lewis, vice-president of the national union, and Herman C. Perry, president of the Illinois miners, Monday afternoon, presented to the coal operators in the executive session of the joint scale committee of the central competitive district their ultimatum on the dispute over the wage scale.

The demand of the miners, as stated in their ultimatum, is for a restoration of the wage scale of 1903, which is an increase of 5.55 per cent. Upon the receipt of the ultimatum the operators secured an adjournment of the committee until Tuesday when it was expected a definite answer to the miners will be given. It is anticipated that this reply will be a refusal by the operators, and the committee will report a disagreement to the joint conference of miners and operators. The fight in that case will be continued on the floor of the joint convention. There is as little prospect for an agreement being reached as there has been at any time.

**Mitchell Talks Plainly.**  
The morning session of the committee, Monday, was without result. After the noon adjournment John Mitchell, president of the miners, took the floor and said he had been informed there were rumors that the operators believed if they would stand firmly by their position and prolong the sessions of the joint scale committee, the miners would agree to sign the present scale and recede from their demand for an increase in wages. He said he wanted to explain to the operators that under no circumstances would there be agreement at less than the scale of 1903, unless, after a disagreement, the operators could enforce less terms, and he did not believe they could.

**Red Cross Wants \$10,000,000.**  
New York, March 28.—The New York state branch of the American National Red Cross has issued a statement as to famine conditions in Japan, in which it is stated that \$10,000,000 is needed to save the country people.

With the Kansas democratic state convention only a month away there is not a candidate in sight for either of the 15 state offices.

# SHOE PRICES

No doubt every man in the county knows that the leather market is higher today than it has been in twenty years. Just so every other material as well as the labor that enters into the manufacture of shoes has advanced in proportion. Every manufacturer who has kept his standard up has been compelled to advance his prices, and these advances have not been just a few cents a pair either, and every retailer has had to pay these advances if he maintained the quality that he has formerly offered. It simply meant pay the advance or cut the quality.

We met the Proposition face to face,  
paid Advances and kept Quality up.

The manufacturer who told us he had his shoes at the old prices we passed by, and the retailer who tells you that he has his same shoes at the same prices, had better be passed by. Of course, the shoes may look the same, but the vital points of a shoe are not on the outside, and it is these "inners" that undergo the cheapening process and tell in the life and durability of the shoe. To be sure, these advances are noticed more in the heavier shoes—the working man's shoes—and right here

We have made the strong fight for solid stuff.

When those "same shoes at the same old prices" go to pieces on you in about two weeks' wear, don't be surprised, but come to see us and let us talk to you and show you what we can do for you.

Yours in the shoe business to stay,

## DULIN & McLEOD.

### CHURCH DIRECTORY.

**CATHOLIC CHURCH.**—First mass every Sunday and holy day at 7:30 a. m. Second mass and preaching 10 a. m. Vespers and benediction 4 p. m. Rev. M. O'Connor, pastor.

## GOOD THINGS AT BISHOP'S

Economical buyers will find that our store is the place where they can buy Spring Clothing, Hats, Shoes and other goods at prices that will save them money on every purchase.

There are many new designs out this spring in Men's and Boys' Clothing and we have them all. During the past year we almost denuded our house of its stock of Clothing, and we have bought an enormous quantity of new goods this spring, exercising great care not to buy anything except what was up to date as to style and quality. We cordially invite you to call and inspect these goods.

In Ladies' Dress Goods there was never a richer display of materials with which to create spring costumes, and we never had a finer assortment to select from. It will be a mistake not to inspect our stock of Dress Goods before you purchase.

## SHOES.

For years we have held the reputation of carrying the best lines of Shoes that are held in the county, and we are determined to maintain our reputation by selling what the public acknowledge to be the best. Our Shoes fit well, wear well, and they maintain their shapes better than other Shoes, hence they give better satisfaction. We offer you great inducements in other lines of goods. Come in and see us. We are always glad to see you. Your money back if you want it.

## Great Loom End and Bargain Sale

Begins SATURDAY, APRIL 7, and Continues Two Weeks, CLOSING POSITIVELY SATURDAY, APRIL 21.

Extra Dress Goods, India Linens, Embroideries, Laces, Shoes, Shirts and Clothing Values.

Positively the Feast of Bargains you have been waiting for and which we have planned for you months and months ago is at hand. Our Loom End and Bargain sales have shown what can be done in the way of modern merchandising. With goods and Prices they illustrate the splendid possibilities of this store as a Great Business Enterprise—Crowds Come—and why! Because they know they get the greatest merchandise in the country at a quarter and a half its real worth. They get the goods cheap because we buy and sell them cheap, and the mutual understanding and good will thus created makes this business grow. Stimulating us to unceasing efforts to further protect your interest. Welcome Everybody to this greatest sale of sales.

### All Loom End Calicoes 1 yard Lengths and under at the rate of 1 cent per Yard.

Pick up your daily or weekly newspaper and look up the prices on Woolen goods, cotton goods and leather goods. See where each day but adds points to the already high prices, and then read these prices and ask yourself if you can afford to let this opportunity pass.

Read every one of these prices. Don't overlook a single item, and then be on hand early to secure your share of the bargains, as many of the lots are not so large as to last during the entire sale. Remember the best goes first.

### Hot Springs, Ark.

This great health and pleasure resort is best reached via the Iron Mountain Route. Quickest schedule and solid trains. Pullman sleepers, chair cars, etc., from St. Louis or Memphis daily. Now is the season to visit this great resort. Low round trip rates, liberal limits. Handsome descriptive literature furnished free. For rates, map folders, etc., call on nearest Ticket Agent, or address R. T. O. Matthews, T. P. A., Room 301 Norton Bldg., Louisville, Ky.

Bread and butter is food for muscular work, according to Dr. E. F. Willoughby. The perfect diet for those who are neither faddists nor teetotalers is eight ounces of cooked meat, 24 ounces of bread, eight ounces of potatoes, two ounces of cheese, two ounces of bacon, one ounce of butter, half a pint of milk, and one pint of beer per diem. Green foods are desirable additions to any diet.

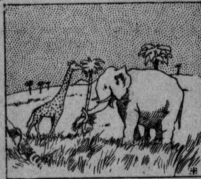

Only one couple in 11,000 live to celebrate their diamond wedding.

### An Animal Story For Little Folks NOT SO BADLY MADE AFTER ALL

One day the giraffe and the elephant met on a plain by the side of the river Nile.

"I agree with you," said the giraffe boldly. "We were made to be perfect sights. Why, in the name of goodness, were we not made better looking? I can't for the life of me see. Look at my 'rubber neck.' It's so long and ugly that I feel uneasy whenever I go out in society. Why, I can't find a place in all Egypt where I can get a collar to fit me, and even if I could I could not get money enough together to pay for having it washed."

"True, I," said the elephant sadly. "And just look what a sight I am. It's bad enough to be covered with a hide

"I GUESS WE WERE NOT MADE SO BADLY," like leather, all wrinkled and ugly, without having to have a tail put on my front end as well as my rear."

"I don't see," cried the elephant, scratching his forehead angrily, "why they ever made us such frights."

But just then it was dinner time, and both were hungry.

Mr. Giraffe reached gracefully up with his long neck and took a mouthful of sweet palm fronds.

"Couldn't have done that without your neck," said Mr. Elephant.

Then he reached down and got a good wisp of rich grass and put it into his little mouth.

"Couldn't have done that without your trunk," said the giraffe.

"True," said the elephant. "I guess we weren't made so badly after all."

### SON OF GEN. LAWTON GIVEN CADETSHIP AT WEST POINT.

Has Been Member of Artillery Battalion Kentucky State Guards.

A cadetship to the United States Military Academy at West Point has been given to Capt. Manley Lawton, of Pewee Valley, by President Roosevelt. This young veteran of war in the Philippine is the son of Major Gen. Henry M. Lawton, who lost his life while storming a Philippine stronghold at San Mateo in December, 1899.

When Gen. Lawton fell his young son returned to this country with his mother and sisters. While living at Pewee Valley he

joined a battalion of artillery of the Kentucky State Guards.

### Forrest Cavalry Corps

Reorganized at Nashville.

Nashville, Tenn., March 28.—The reorganization of the survivors of Forrest's cavalry corps was completed at a meeting held here today. Henry A. Tyler, of Hickman, Ky., was elected Major General, commanding, with the following division commanders: First Major General, Baxter Smith; Second Major General, Edmund R. Rucker; Third Major General, V. Y. Cook; Artillery Captain, John W. Morton. The Kentucky regiments are in the third division, the brigade commander being Henry George.

### Crop Worth More Than the Land.

The price of tobacco leaf in Pennsylvania has now risen to 16 and 18 cents a pound and it is estimated that at this figure farmers are now receiving more for their tobacco crop per acre than the value of the land on which the tobacco was grown.

### Accuse Tobacco Raisers of Breaking Contract.

The Dark Tobacco District Planters' Protective Association has filed five suits against many farmers of Trigg county, Ky., for alleged violation of contract, claiming in its petition that defendants, without the knowledge or consent of the association, sold their crops of tobacco, which had been pledged to the association.

The man who is in charge of the interests of the brotherhood of locomotive engineers in Mexico reports that American engineers, American locomotives, capital equipment and trains are doing wonders in the development of the railroads of Mexico. The superiority of the engineer in the United States over the native engineer is fast giving to Americans all the good positions on the roads.

### You have our personal invitation to attend.

It is a regal style show that is certainly worth coming to see—a time when we place on public exposition the reigning modes for the ensuing season. It has been well said, by competent judges, that a trip to London, Paris, Vienna or Berlin could not give a more comprehensive idea of the correct style than this great showing which all fashionable people annually await for authoritative hints in correct dress.

Our Grand Spring Opening further emphasizes a saying that has almost become proverbial among recognized smart followers of fashion: "When there's anything new, you'll find it at the Lahr-Bacon Store." How well we merit this distinction is exemplified in our showing during our Grand Opening. Undoubtedly you have noticed that many houses are too conservative to venture with new things first; they wait for the demand, don't want to run any risk, so they stick to tried fashions until they are forced out of a style rut.

While we never forget current styles, we make it a point to never pass by a novelty that is up to our rigid requirements.

We are always on the lookout for something new to show you; that's why it's so interesting to look in the store—why our openings are always of so much interest to women of dress who desire to keep abreast and possess exclusive fabrics and costumes that are so distinctive that they set the style for others to follow.

**Evansville's Finest**

**THE LAHR BACON CO.**

**Retail Store**

We want to impress upon you that it's not necessary for you to buy, and that this Grand Spring Opening is arranged for your special benefit—an event which you are cordially invited to attend, if for nothing more than to learn what is correct in all matters of dress.

**The Florsheim SHOE**

Look for Name on Shoe

**The Kendal**

Fresh  
Calf  
Blucher  
Oxford  
Narrow toe

A little extreme in design, but suited to the man who wants to be up-to-the-minute in style. Made with the thought of comfort and shapeliness. You never have to "break in" a Florsheim—it gives genuine comfort from the start.

## WILD WITH ITCHING HUMOR

Eruption Broke Out in Spots All Over Body—Caused a Continual Itching for Two Years—Doctor's Medicine Did no Good—Cured at Expense of only \$1.25 and Now

### THANKS CUTICURA FOR COMPLETE CURE

"Some time ago I wrote you for a book on the Cuticura Remedies and received it O. K. and went and bought the Soap, Ointment, and Pills. They did me more good than any medicine I ever used. They cured me of my skin disease, and I am very thankful to you. My trouble was eczema of the skin. It broke out in spots all over my body, and caused a continual itching which nearly drove me wild at times. I got medicine of a doctor, but it did not cure me, and when I saw in a paper your ad, I sent you for the Cuticura book and I studied my case in it. I then went to the drug store and bought one cake of Cuticura Soap, one box of Cuticura Ointment, and one vial of Cuticura Pills. From the first application I received relief. I used the first set and two extra cakes of Cuticura Soap, and was completely cured. I have suffered for two years, and I again thank Cuticura for my cure. If you wish, you may publish this. Your friend forever, Claude N. Johnson, Maple Grove Farm, R. F. D. 2, Walnut, Kan., June 15, 1905."

### ITCH! ITCH! ITCH!

Scratch! Scratch! Scratch! This is the condition of thousands of skin-tortured men, women, and children, who may be instantly relieved and speedily cured by warm baths with Cuticura Soap and gentle applications of Cuticura Ointment, the great Skin Cure, and mild doses of Cuticura Resolvent Pills, when physicians and all else fail.

Sold throughout the world. Cuticura Soap, the Ointment, and Resolvent Pills, in boxes of Chamberlain's Cough Syrup, and other remedies, are for sale everywhere. Single sets of Cuticura Soap, Ointment, and Pills, sent on application. Write for free literature. "All About the Skin, Soap, and Hair."

prospectors on the newly acquired property in a few days. The new mine will be located on the Illinois Central railroad. It is believed that coal exists in that section in paying quantities, and if this should be the case, developments are to be commenced as soon as satisfactory arrangements can be made.

ten an article setting forth his conclusions. He thinks the coal supply is inexhaustible and of high quality. He says further: "In addition to its coal Muhlenberg county has deposits of fire and tile clays, iron ore and indications of pottery clay and kaolin, all of which will in the course of time become valuable."

"A tremendous boom is ahead for Muhlenberg, and there is no reason why it should not become an industrial center surpassed by none within the State, and rivaling those on the other side of the Ohio."

An explosion of gas in the mine of the Century coal company, near Fairmount, W. Va., Thursday, imprisoned 150 miners. The work of rescue proceeded slowly on account of deadly fumes. Many are known to have been killed.

Twelve miners employed at Silverton, Colo., were killed in a snowslide March 19, and more than 600 miners were cut off from communication with the outside world. In one case the provision house was carried away, and fifty miners faced starvation. Over \$1,000,000 worth of property was destroyed.

A large number of foreign cars have been loaded at the number of our railroads are very seldom seen and used here. Those used at the local mines were owned by northern railroads.

The Earlington Iron Works has secured the contract for placing new machinery at the plant of the Nortonville Coal company which was damaged by fire last week. The dynamo will resume operation tomorrow and work will commence again after a week's suspension.

The Earlington Iron Works has just completed six one-ton cars for the Coleman Coal company, operating mines at Pineville, Ky. These cars shipped to that point Saturday. They have also under construction a shaker weighing 27,000 pounds and a screen six feet in width and thirty-four feet long.

W. W. Kingston, of the firm of Kingston & Wolfe, who operate mines near Mortons Gap, has secured options on 1,000 acres of coal land in the White Plains neighborhood and will begin

and is MUCH CHEAPER. There are several different springs having different curative properties.

For Stomach, Liver, Kidney and Bowel troubles and their attendant nervous affections, these waters have produced wonderful results. They allay gastric irritation, render soluble in the body substances that are hard to digest, and thus free the body of them. Their action on the kidneys and bowels, as well as on the skin, corrects the acidities due to various kinds of fermentation in the body. An excellent adjunct to these waters is the good air and the opportunity for exercise in the open.

**HOTEL RATES** range from \$8 up to \$35 per week, including free use of the waters. Booklets telling all about the waters and giving list of hotels and boarding houses, with their rates, sent free.

### COLORED COLUMN

EDITED BY JAMES E. TODD.

There will be a Tom Thumb wedding given by the Wide Awake club at A. M. E. Zion church, Saturday night March 31, 1906, and an excellent program rendered afterward. Come one come all.

Our sick are Mrs. C. F. Bailey, Mrs. Thos. Wilson, Mrs. L. B. Cavanaugh, Mrs. Bogus, Mrs. Martin, Mrs. Martin, Mrs. Robert Foster, Lee Kirby, Terry Wray, O. S. King and Wm. McGary are out again.

### MORTONS GAP YEW—COLORED

We are not yet over the shock that the death of Mrs. Brittan Hawkins of Earlington gave us, every one knew him to be an upright christian man and a faithful and functional member and officer to the different organizations to which he belonged. The removal of such a useful life will prove a serious loss to Bro. Hawkins all over the St. Bernard works and extend our deepest sympathy to the bereaved family. Those who attended the funeral of Bro. Hawkins from here were: Louis Clemens, Warren Porten, Laura Clemens, Mary Hamilton, Will and Lucy Green, R. H. and Mrs. Hall, Wilson Hopson and wife and W. H. Patterson.

James Hall, of Greenville, was the guest of his family Saturday and Sunday.

Robert Hall went to see his Aunt Mrs. John Bailey at Earlington.

Sunday who is very ill.

Mattie Sue Brown, Mary Bass and Herschel Jones are sick.

Will Green, Warren Porter and Louis Clemens went to Madisonville Saturday.

Don't frown—look pleasant. If you are suffering from indigestion or sour stomach, take Kodol Dyspepsia Cure. Hon. Jake Moore, of Atlanta, Ga., says: "I suffered more than 20 years with indigestion. A friend recommended Kodol. It relieved me in one day and I now enjoy better health than for many years." Kodol digests what you eat, relieves sour stomach, gas on stomach, belching, etc.

Sold by John X. Taylor, Druggist.

## MINING NOTES.

### TENNESSEE AND CONVICT LABOR.

Miners of State Prison Mine Nine Million Bushels of Fuel—Want More Coal Land.

Nashville, Tenn., March 26.—The Tennessee State Penitentiary, which at one time was a disgrace and a reflection upon the humane impulses of the citizens of the State, is now one of the finest assets the State has. There is some danger that the coal beds at Brushy Mountain will eventually be worked out, but the State has been in the market for more than two years for 15,000 acres of coal lands, and it is not unlikely they may be purchased before the end of this year.

The mines at Brushy Mountain, which are well equipped for the handling of coal and the making of coke, are turning out a large profit every year.

For the first time in over a year the Brushy Mountain mines is working the full quota allowed that institution. There are now 749 convicts at the mines. The increased number of men at the mines gives promise of a greater output of coal. Most of the able bodied convicts are sent to the mines.

Vantyne Fritchard, a Pittsburgh engineer and prospector, and an expert in mineral development all over the country, has just finished a study of Muhlenberg county's advantages. He believes the country has a truly remarkable future and has writ-

# GRAND LEADER'S
